# The New Hospital

## UPPER CONNECTICUT VALLEY HOSPITAL ASSOCIATION

The Upper Connecticut Valley Hospital Association wishes to express its gratitude to all member towns for their excellent support during the past year.. As a result of your efforts the new hospital is assured. April will see the hospital under way, and within fifteen months from the start of construction it should be in operation. Of the \$1,510,800 cost, our share is but \$330,000. It might be said that the building itself is an outright gift from the government since our share of the cost approximates the cost of the equipment. Presented below is a breakdown of the cost showing each town's share.

Town	Popula- tion	Per Cent Cost	Total Amount	Annual Cost (Interest not included)	
				20 Yr. Basis	10 Yr. Basis
Bloomfield	212	2.80	9,240	462.00	924.00
Brunswick	49	.65	2,145	107.25	214.50
Canaan	1094	14.50	47,850	2,392.50	4,785.00
Clarksville	179	2.4	7,920	396.00	792.00
Colebrook	2389	31.5	103,950	5,197.50	10,395.00
Columbia	457	6.0	19,800	990.00	1,980.00
Errol	220	2.9	9,570	478.50	957.00
Lemington	112	1.5	4,950	247.50	495.00
Norton	241	3.3	10,890	544.50	1,089.00
Pittsburg	639	8.5	28,050	1,402.50	2,805.00
Stewartstown	918	12.12	39,996	1,999.80	3,999.60
Stratford	1029	13.36	44,088	2,204.40	4,408.80
Wilsons Mills	36	.47	1,551	77.55	155.10
Total Population — 7575					
Total Cost — \$330,000					

The method of handling the cost is left to the discretion of each town. Some plan to clear off their share of debt with funds available. Others plan to borrow from the bank and amortize the debt on a 10 or 20 year basis. The amount required is indeed a small price for such a new and modern facility. It is a sound investment in our future.

# **Volunteer Fire Department Report**

There are now twenty-six regular members of the Pittsburg Volunteer Fire Department, of whom six are high school students who are taking an active interest in the department, and are filling a vital gap during man power shortages. Beside the routine business meetings, work was done on equipment, drills were held, and training of members continued. We also sent representatives to two firefighting schools in the state.

The past year was a good year for fires, with only seven calls answered, two of which were out of town. One old building was disposed of.

In addition to the routine duties of cleaning, polishing, and checking trucks and equipment, the Department sponsored the following projects:

1. Fire pond built on Cheese Factory Brook.
2. Water hole built on river near Bill Lord's.
3. Water hole built on river at Mill Street.  
(These projects are a part of a continuing effort to map and provide water sources for all areas of the community).
4. Cleaned 22 chimneys around town this fall.
5. Took fire truck to school for demonstration during National Fire Prevention Week.

Through the Firemen's Ball and a raffle, the Department raised enough money to purchase the following items:

6 pairs of boots; 6 helmets; 2 coats; 1 yard light at station; 15 uniform caps; 15 sets of badges.

PITTSBURG SCHOOL DISTRICT

**WARRANT**

---

**State of New Hampshire**

To the Inhabitants of the School District in the Town of Pittsburg qualified to vote in District affairs:

You are hereby notified to meet at the Town Hall in said District on the 11th day of March, 1969, at 10:00 o'clock in the forenoon at which time the polls will be open, followed by the business meeting immediately after the close of the Town business meeting, to act upon the following subjects:

1. To bring in your ballots for the election of School District Officers to be elected by ballot for the ensuing year(s).
2. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officer or agent of the District.
3. To hear reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.
4. To see if the District will vote to raise the sum of \$800.00 to supplement the salary of the School Lunch Program helper.
5. To see if the District will vote to raise the sum of \$100.00 to transport school students, Grade I through VI, within Town limits on extremely cold and windy school days.
6. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries of the School District officials and agents and for the payment of the statutory obligations of the District.
7. To see if the District will vote to authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which may now be forthcoming from the State of New Hampshire and/or the United

States for the ensuing year.

8. To transact any other business that may legally come before this meeting.

Given under our hands at said Pittsburg on this 3rd day of February, 1969.

## **FOREWORD**

With the allocated "grace period" granted by the State Board of Education, it has become especially important that Supervisory Union No. 7 analyze its school systems, determine their status and plan for the direction that these schools will take in the immediate future.

These are not decisions that can or should be made by your appointed school personnel and elected administrative boards alone for in the last analysis it is you, the voter and taxpayer that will determine the course and direction that your schools will take.

These decisions become even more complex when considered in light of recent events. Our texts still relate on Columbus's three month voyage over the ocean blue, yet in the past few months three men retraced this historic voyage in fourteen minutes and thirty-two seconds and repeated this fantastic accomplishment one hundred and thirty-two times in eleven days. Even more recently man compounded this feat by traveling to the moon and observing sights never before seen by man. God's greatest mystery, the secret of life, is now revealed to man with this understanding and duplication of the DNA molecule. The moral, social, and religious implications of this scientific discovery are yet to be realized. More history and advancement has been made the last forty years than during man's entire previous span on this planet. Man is no longer concerned with "why" and "how" but with "when" and "how soon".

We can not ignore that these events are having and will continue to have a tremendous impact on education and society, and we are fortunate that we have time to meet this challenge. With the advent of elementary school standards, goals and long

range plans will have to be examined and re-examined. What educational services and needs that can or can not be realistically provided must be determined with the greatest thought and community effort. Whether we can afford to prepare our children for a jet and space age orientated society or whether we can afford not to is a decision that each of us will be involved in making.

To meet this challenge through individual community planning and action, and if need be, through inter-community planning and sharing, can and will result in the assurance of maintaining our excellent standards and schools and preparing our youngsters for a realistic future.

Respectfully submitted,

STEPHEN E. DEHL

Acting Superintendent of Schools

### SCHOOL HEALTH

The objectives of a school health program are to perform the necessary functions to maintain and promote good health of the pupils in our schools.

Services performed include: pre-school clinics every spring for in-coming first graders; checking heights and weights, vision and hearing yearly; physical examinations for all students in grades 4, 8, 11 and athletics; immunizations as necessary; TB skin tests as recommended by the state TB Association and continuous supervision of general health.

January through April, a dental health clinic sponsored by the local towns and the state in what is called a Matching Fund Program, was held in Groveton one morning a week. Due to transportation difficulties and cancellations from weather conditions, only twenty-two youngsters from the whole district were treated this year.

We were fortunate to have a dental hygienist from the state department of Dental Health come and visit all the elementary schools in the area. She gave us interesting instruction in the ways of achieving and maintaining good dental health.

Generally, the overall program of school health in this area is adequate, but there is always chance for improvement. It is hoped that by working together, these improvements can be realized to the mutual benefit of our students and the community as a whole.

Respectfully submitted,

DOROTHY L. DUCRET R. N.

## NOTES ON THE BUDGET.

The School Board has requested for its Budget an appropriation of \$157,903.00 for the school year 1969-1970. A sum of \$15,500.00 has been anticipated for estimated income, leaving a balance of \$142,403.00 to be appropriated through taxes. This is an increase of 7.10% in comparison to the current budget.

The overall increase in the budget is largely reflected in the following areas: salaries, pupil transportation and maintenance of plant.
